

FARAM

Bell

A simple and elegant design characterises this wide range of executive chairs. The use of flexible and indeformable polyurethane for the stuffing, the choice of quality leather and fabrics, the finish for the base and arms with brushed aluminium, allows the chair to be used in prestigious office locations.

Chromed steel arms with upholstered pad.

Faram can introduce modifications for the improvement of the product without prior notice. Finishes to be referred to Faram dedicated information.
